Introductory Notes

THE ever increasing demand for copies of this *Directory*, not only in Queensland, but to a greater extent in the Southern States of the Commonwealth and New Zealand, has made imperative the issue of this *New Edition*. The information has been thoroughly revised and brought up to date and many new features have been added.

Whilst every effort has been made to obtain full and accurate information, and to supply such particulars as Tourists and the Travelling Public are likely to require to enable them to judge readily of the accommodation available at the chief towns and resorts, the Director of the Government Tourist Bureau accepts no responsibility for the accuracy of the information given herein. It should be distinctly understood that no establishment is recommended above another, as the onus of choice rests with the Visitor. The information has been supplied by the persons concerned.

The names of hotels marked with an asterisk (*) denote that, at the date of compilation, the proprietors thereof held the Certificate of the United Commercial Travellers' Association of Australia.

Owing to the necessary data not being available from the Government Statistician, the figures denoting the population of many of the towns are approximate only.

The names of the various towns and tourist resorts have been alphabetically arranged.

The Famous "ALSTAR" OVERALLS

The Best of all Work Garments

From the day they were first made these famous Overalls leaped into popularity throughout Australia—and particularly in Queensland—the reason being that they "save better clothes."

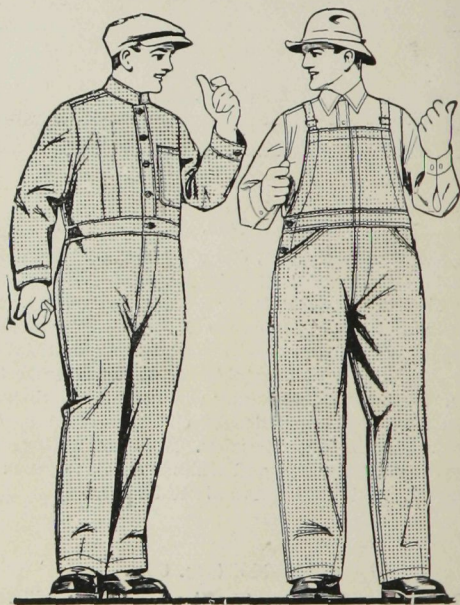

Every "ALSTAR" washes perfectly—the housewife likes them. Men wear them on farm, and in factory, garden, and garage.

BRISBANE

POPULATION, 198,339

(Within a 10-Mile Radius)

B R I S B A N E, the Capital of Queensland, is the most picturesque city in the Commonwealth. It is situated on the beautiful and noble Brisbane River, about 18 miles from its mouth. Its climate closely resembles that of Southern Europe—that is to say, it enjoys one of the mildest temperatures in the world. Besides being the Metropolis of the State, Brisbane is the port and trade centre of many fertile districts. Behind it, to the immediate west, is the rich Moreton District—a flourishing province devoted to farming, stockraising, dairying, and coalmining. Beyond it again, across the Great Dividing Range, stretches the far-famed Darling Downs: 4,000,000 acres of the finest agricultural land, equal in area to the American States of Illinois and Missouri.

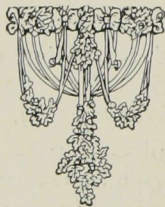

The Brisbane River is spanned by an imposing iron bridge, 1,022 feet in length, 74 feet in width, erected at a cost of £109,326.

The city contains many fine parks and recreation grounds, the principal being Queen's Park and Botanic Gardens, New Farm Park, Bowen Park, Albert Park, Musgrave Park (South Brisbane), Mowbray Park, Newstead Park, Brisbane Cricket Ground (Fiveways), Victoria Park, One Tree Hill, and several others.

Many charming seaside resorts are within easy distance of the Metropolis, the principal being Cleveland, Redland Bay, Humpybong, Redcliffe, Caloundra, Manly, Sandgate, Wellington Point, Wynnum, Southport, Burleigh Heads, Coolangatta, and Tweed Heads, full information about which is given in the Bureau publication "From Noosa to the Tweed."

A fuller description of Brisbane will be found in the pamphlet, "The Pocket Brisbane," issued by the Intelligence and Tourist Bureau, which may be had on application at the office of the Bureau.

## "The Home of the Holiday-maker"

*The Great North-Eastern State, which contains almost every variety of soil and climate, is every year becoming more and more recognised as an **Ideal Tourist Resort**.*

*During the months, April to September, no more enjoyable trip can be taken than along the picturesque eastern seaboard of Queensland. The marvellous beauty of the famous Whitsunday and Hinchinbrook Passages, with their numerous islands, is unsurpassed in any part of the world. A week's trip inland from Cairns reveals a country of extraordinary grandeur and richness in timbers, minerals, etc. The climate of the **Atherton Tableland** (from 2,000 to 3,000 feet above sea level) is unequalled in Australia.*

*The **Barron Falls**, **Stony Creek Falls**, **Tully Falls**, **Millstream Falls**, are noted throughout the Commonwealth for their beauty.*

*Tourists should land at **Rockhampton** to view the **Central District of Queensland**. That world's wonder, the **Mount Morgan Gold and Copper Mine**, which, since its*

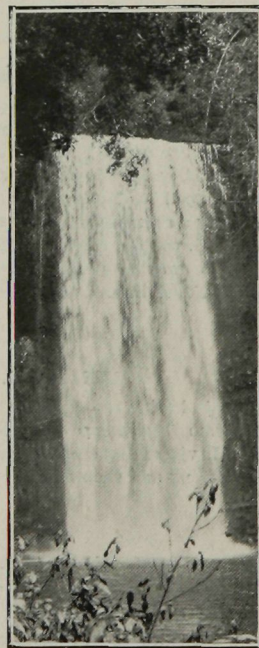

discovery in 1886, has paid over £9,200,000 in dividends, is within easy reach of Rockhampton.

The railway journey from Rockhampton to Brisbane takes the Tourist through a most interesting part of the State. The beautiful flora of the Blackall Range (between Gympie and Brisbane) discloses the wonderful fertility of this portion of Queensland.

The famous Darling Downs can be reached by train from Brisbane in four hours. Toowoomba, the capital of the Darling Downs, is one of the most picturesque and important inland cities of the Commonwealth. Warwick and the Killarney District are also worthy of the attention of Tourists.

Descriptive pamphlets, and full particulars for the best arrangements to make regarding any trip in the State, can be obtained on personal application or by letter to

| A town on the Cairns-Mulgrave Railway, 14 miles distant from Cairns. The district is a very rich sugar-growing one, and the surrounding scenery is very fine. Tourists should take the train from Cairns, as the line passes through very rich tropical scrub land. | Central Hotel .. ..              | K. S. | A town on the picturesque Johnstone River, 893 miles north from Brisbane, and 145 miles north from Townsville, connected by rail (11½ miles) with Mourilyan Harbour. A rich sugar-growing and banana district. Scenery of the district beautiful. Exceptional heavy annual rainfall produces luxuriant growth in the rich scrub lands. The district has many places of interest to tourists, who can spend a few days there if travelling by the smaller coast steamers which visit the Northern ports. Some beautiful waterfalls in the neighbourhood—Fisher's Falls, &c., Good fishing, shooting, boating. | Commonwealth Hotel ..            | P. | An important town, 540 miles north from Brisbane, at the mouth of the Pioneer River. Passengers are transhipped from coastal steamer at Flat Top Island. The surrounding district is one of the finest for sugar-growing in the Commonwealth. Dairying and agriculture are also important industries. Some beautiful drives can be had around Mackay, and the district will interest every class of visitor. The climate is healthy, and the town well supplied with water. Coffee is successfully grown in the district. Eimeo Beach (10 miles), Eungella Range (health resort) 43 miles, are well worth visiting. Plenty of fishing, shooting, and boating. | Barry's Hotel .. ..                             | Mrs. Catherine Barry | 18                    | 8/-      | 35/-      |

| gold, large quantities of copper ore are treated at the company's works. Tourists should not miss seeing the wonderful mine and the works connected with it. Arrangements can readily be made for this purpose. The train service from Rockhampton is a convenient one for visitors. St. Mary's Falls are a short distance away from the town. The surrounding district is largely used for cattle and horse raising, dairying, and fruit-growing. | Hotel Metropole .. ..            | M. | An important town on the Western Railway, 318 miles west from Brisbane, and the centre of a tested mineral oil belt. A noted wheat-growing district. Vine-growing is also successfully carried on. The climate is healthy. The town is well supplied with water from two artesian bores which have a daily flow of about 400,000 gallons. Roma is surrounded by a very rich pastoral district. There is a State Experimental Farm at Bungeworgorai, about 4 miles from town. Famous Muckadilla Bore, 26 miles distant. Good fishing and shooting. | *Grande .. ..                    | B. K. | An important and popular seaside resort, 50 miles south-east from Brisbane by rail. The town is situated at the mouth of Nerang River, and faces the Pacific Ocean. Good boating and bathing facilities. Fishing particularly good. Splendid ocean beach, where surf-bathing is much indulged in by city folk and visitors. Substantial concrete pier recently erected. Motor-boat excursions to Jumpin Pin, Stradbroke Island, and Nerang River. |                                  |                      |                       |             |              |

| A town on the Main Southern Railway, 207 miles from Brisbane. The district, extending from Dalveen to Wallangarra, and sloping gradually from an altitude of over 3,000 feet, is a granite area which possesses a remarkably healthy and bracing climate. That it is destined to rank as one of the leading Australian health resorts is becoming generally recognised. The medical profession are sending patients there for its peculiar restorative and curative effects in yearly increasing numbers. As a holiday resort it is also becoming popular. There is much beautiful scenery and many interesting sights about. It has an old established tin mining industry, and its orchards are growing in number and importance. |                                  |                      |                       |             |                                |

| <p>One of the most important inland towns in the Commonwealth. The city is situated on the top of the Main Range; 1,921 feet above sea level, and 101 miles west by rail from Brisbane. The climate is second to none in Australia, and the surroundings are picturesque. The city is well supplied with water, and is lighted at night by gas and electricity. The streets are planted with beautiful shade-trees of luxuriant growth. Magnificent views can be obtained from Picnic Point, Tick Hill, Webb Park, and other points handy to the city. The surrounding district is closely settled by a large population engaged in agriculture, dairying, fruit-growing, and timber-getting. A few weeks can be spent here by tourists, who will find the bracing mountain air most delightful. Many beautiful drives can be had at moderate cost.</p> | <b>Hotels.</b>                   |                                         |                       |          |              |

# WHY IS LOWTH'S

The Most Popular Hotel in  
NORTH QUEENSLAND?

## THE QUESTION IS ANSWERED.

Because, from the beginning, **T. LOWTH** would not have anything on his shelves but the Best Liquor.

Because he has made the Dining Room perfect in supply and service, and

Because the Bedrooms are kept in perfect order.

**Lowth's** is a High-class Hotel, where the Squatter is sure to meet a squatter to talk over pastoral matters; where the Cane-grower can discuss prospects of the Sugar Industry.

The Indian Remount Buyer frequents **Lowth's** because the horse breeder is to be found there.

The Mining Speculator goes to **Lowth's** because the latest on 'Change is talked of there.

The Commercial Man is a familiar figure at **Lowth's** because Business men make **Lowth's** a centre.

The Traveller puts up at **Lowth's** because his friends advise him to stop at the **Best Hotel** in Townsville.

Townsville is the commercial capital of Northern Queensland. Situated on Cleveland Bay, 748 miles north-west from Brisbane. The city is a progressive one, and the port is the second in importance in the State. A fine harbour has been constructed, which can accommodate vessels of large tonnage. Considerable quantities of frozen beef and canned meats are exported annually from the Ross River and Alligator Creek Meat-works. From Townsville tourists can reach many places of interest and beauty. Comfortable steamers ply from here to ports further north, via the famous Hinchinbrook Passage, with its scenery of surpassing grandeur.

|                        | An important pastoral town, 368 miles south-west from Townsville, and the terminus of a branch of the Great Northern Railway. The town is well supplied with bore water. The water of this bore has become popular with those suffering from rheumatism and other troubles. The climate of Winton is dry and healthy, and is recommended to the attention of those suffering from chest troubles. |                      |                       |              |               |
